

Jake Payne
Crystal River Ranch Caretaker

July 2017

Being the respected Caretaker for many years to come and building a great relationship with all members of the community are a couple important objectives I have.

My experience is varied across many occupational fields. I have been a Foreman/Supervisor for Construction businesses providing a range of services to both residential and commercial properties. At the Port of Tacoma I was an HVAC Technician. As a Property Manager, I was in charge of facilities maintenance as well as contractor work encompassing electrical, plumbing, irrigation, drywall, painting, building additions, roofs, decks, as well as household and appliance repairs. The last two years I was working as a Real Estate Licensed Broker with Remax Integrity in Maple Valley.

I am a busy self-motivated worker and I enjoy being active outdoors. I believe all assigned work and projects need to be done in a timely manner. I set a high standard for myself in everything I do. It is important to me when I complete a task it has been done right and efficiently.

My family and I look forward to being positive contributors in the community. My wife's name is Michelle and our three boys are Carter, Nathan & Braden.

I sincerely look forward to meeting every resident.

Best regards,

Jake
